Jackalope Development
Terms of Use

Date of the latest change: March 17, 2025

Please read these Terms of Use carefully before using the Bot's Features.

1   PURPOSE

The purpose of these terms of use (the "**Terms**") is to define the terms and conditions of use applicable to the users (a "**User**", "**you**" or "**your**"), when using our software application (bot) running automated tasks over Discord (the "**Bot**"), including the related features offered temporarily or permanently on the Bot, including through the License (the "**Features**").

2   ACCEPTANCE OF TERMS - CHANGE OF TERMS

Before using any of the Features, you must agree to these Terms. By registering your profile (the "**Profile**") via the Bot, you confirm that you fully and irrevocably agree to these Terms.

You also agree that personal data on the Bot will be processed in accordance with out data privacy policy.

We reserve the right, at our sole discretion, to modify or replace the Terms at any time. The most current version of these Terms may be accessed here. You are responsible for reviewing and becoming familiar with any modifications.

You will be assumed to have agreed to all modifications and revisions on the Terms by continuing to use all or part of the Features.

3   PROVISIONS OF AND ACCESS TO FEATURES

3.1   PROVIDER

Unless specified otherwise in these Terms or in the Bot, the Bot is operated, the License is granted and the Features are offered by Arin Zima, an independent developer who does not have a registered company ("**Arin**", the "**Owner**", "**we**", "**us**" or "**our**").

3.2 User's eligibility

You hereby represent and warrant that you are fully able and competent to enter into the terms, conditions, obligations, affirmations, representations and warranties set forth in these Terms and to abide by and comply with these Terms.

You also represent and warrant that you are legally authorized in your jurisdiction to use the Features and to interact with the Features in any way. Finally, you represent and warrant that you are solely responsible for compliance with all applicable laws in your jurisdiction, and release the Owner from any liability in this regard.

3.3 Duration of and access to the Features and the License

Subscriptions

The Owner does not offer any Subscriptions within the Bot or the Features. All Features within the Bot are provided to the User for free.

Termination by Arin

Arin may at any time and without liability, terminate, suspend, or limit your use of the Features (the "**Blacklist**"), in the event that: (a) we reasonably suspect you of acting in breach of these Terms and /or all other applicable provision; (b) we are required to do so by applicable law, regulation or any court or other authority to which we are subject to in any jurisdiction; (c) we have concerns about the security of your account or we suspect the Features are being used in a fraudulent or unauthorised manner; (d) we reasonably believe that we need to do so in order to protect our reputation.

You are not entitled to any payment, compensation or damages from Arin in relation to any suspension, limitation or termination of your use of the Features due to a break of the Terms.

Our rights of suspension, limitation and termination under these Terms will be without prejudice to any other rights or remedies which we may have (whether under the Terms or applicable law and regulations).

Terms of Use

Consequences of Termination

You will no longer be entitled nor able to use the Features and benefit from the License.

Upon the effective date of termination, all License rights granted under the Terms prior to termination will immediately terminate and you will immediately cease all use of the Bot and related Features.

Account terminations

Users can terminate their account and stop using the Features at any time by directly contacting Arin within a ticket of the Bot's Support Server within Discord. You are not entitled to invoke your own breach of the Terms, and in particular the inaccuracy of one or more of your statements, to request early termination of the Features.
